Sydney

HELLO

We opened Paramount Recreation Club just over two years ago and have hosted many exceptional functions in that time from trend presentations to media showings, corporate fitness classes to weddings, parties and photo shoots. Events are part of why so many people love our roof and so, after six months of downtime, we are now thrilled to reopen for your group booking.

Since February we have kept a careful eye on government policies and the hygiene of our venue. The following kit outlines how you can use Paramount Recreation Club to host your event, taking into account the formal Covid-Safe measures set out by the NSW Department of Health.

Thankfully there is also more to life than responding to the pandemic. We are also thrilled to announce that Greg Pamment (Longrain, Bills, Sean Panorama) has come on board with us as our head chef meaning that the food and drinks we serve will be as memorable as the venue.

We hope to see you on the roof soon

Barrie Barton
CEO, Paramount Recreation Club

EVENT CATERING

We're excited to announce that our much-loved Kiosk has re-opened with Executive Chef Griff Pamment at the helm. Griff comes to us with a wealth of experience from many of our favourite restaurants including Longrain, Bills & Sean's Panorama.

We can easily organise food catering and drinks packages to meet your event needs. Because Griff is using fresh products that change regularly we don't have a set menu, but after taking a simple brief from you we will quickly work out a way to make the food and beverage an exceptional part of your event.

Our specialities that are Covid-Safe include:

- Fresh breakfasts, great coffee, juices and teas
- Lunchboxes to stay or go
- Sit-down lunches
- Canapes
- Sit-down dinners
- Non-alcoholic Seedlip drinks
- A full bar with killer negronis
